Description

Palma is famous for its beautiful and charming patios. Many of them remain invisible to the visitors as they belong to the private properties. The ones which are accessible, reflect the beauty of this great city with sea access and beaches. The here offered apartment is one of the private properties which enchant with the character patio and entrance area. The apartment has in total 130m2 constructed area near C/Jaime III, Ramblas and Paseo del Borne. The property is located in an over 200 year old building, has three double and a small single bedroom, one bathroom and kitchen with oven and hob. Carpentry of original wood, doors with Mallorcan small ironwork and large windows. Two large storage rooms belong to the property. A few years ago the owner has changed the electrical installations and has renovated the bathroom and kitchen. The entrance to the building is a lovely Mallorcan courtyard, the apartment is situated on the first floor (without elevator). There is also an access to a roof terrace overlooking the Old Town. Unbeatable location if you look for a quiet place in the Old Town, close to the best shopping areas of Palma and the harbor promenade.
