Description

On the southwest coast of Mallorca, next to the town of Santa Ponsa, lies Costa de la Calma, a quiet place with beaches that offer some of the most spectacular sunsets on the island. In addition, an excellent yacht club, prestigious golf courses and numerous shops, restaurants and café terraces are within easy reach.

Within this privileged environment, with views and down to the sea, there are two plots each with 850 m2 where the construction of a villa of 300 m2 is being carried out in each one of them, with excellent qualities and a completely modern design where the client will be able to choose the layout of the spaces.

In Balearhouse we will give you all the information and details about each of the projects.
