It is located in Sa Cabaneta, one of the quietest areas 15 minutes away from the capital, where you can live in peace and quiet, just a few steps away from all the necessary services for day to day life.

The charming villa has a plot of 2.550m², with a fantastic outdoor area where to enjoy in company of a large swimming pool with barbecue area made of brick, garden, tennis court and panoramic views that embrace the whole bay of Palma.

The house has 324m² of living space distributed in an upper main level occupied by all the main rooms and a basement level directly overlooking the pool and outdoor areas which can be used as a guest area, with toilet, living room and extra space for whatever use you wish. The large main floor, open to the outside porch and terrace through large glass doors is planned in 3 bedrooms and 2 bathrooms, one of them en suite. The living room with fireplace leads to the dining room through a large arched glass door to separate the spaces without losing the visual connection.
