This is a four-storey residential building and a unique opportunity, due to its characteristics and high demand in this part of the city, to refurbish a building of heritage value and return it to the original appearance it had in the past, achieving a unique property.

On the first floor there is a 20 m2 office. The next three floors have a cosy space of 50 m2 as well as a greenhouse area, a bathroom and toilet. On the fourth floor the space occupies 48 m2 and in the upper part of the building we find a loft with a splendid 25 m2 terrace from where you can enjoy spectacular views that frame all the beautiful architecture of the buildings of Palma up to the cathedral and the sea, views that are even more dazzling when the sun goes down.
