Penthouse with large private solarium and views over the Bay of Palma and Bellver Castle in La Bonanova

Price

785.000 €

Location

Gènova-La Bonanova / Palma City / Porto Pí

Description

In La Bonanova, one of the quietest neighbourhoods in Palma, very close to the finest international schools and shopping centres and a short distance from the beaches of Cala Major and San Agustín, stands this penthouse, which opens without obstruction onto the whole Bay of Palma, with Bellver Castle and its green surroundings as a backdrop.

The home measures 95 m², the same as the private terrace-solarium that crowns the entire rooftop. The living-dining room is a single, light-filled space with direct access to a covered terrace on the main level, from which a staircase leads comfortably up to the large solarium. This is a home designed for living outdoors as well.

Parquet flooring adds warmth, while air conditioning and heating ensure comfort throughout the year. Two double bedrooms and two bathrooms, one of them en suite, complete a comfortable, well-resolved layout. The separate kitchen, fully furnished and equipped, includes an everyday dining area and a laundry area.

The penthouse comes with an underground garage and a storage room, and forms part of an exclusive development with a magnificent pool surrounded by carefully tended gardens, planted with native vegetation and trees offering the finest natural shade.

A welcoming penthouse with open views and a private solarium made for long evenings with friends as dusk settles over the bay.
